

SAUDI ARABIA
Vehicle Census Compilation Notes
Passenger Car, Trucks & Buses Census
as of January 2000

Passenger Cars

The official motor vehicle census (parc) for Saudi Arabia personal vehicles is not available. There were 2,702,291 passenger cars sold in Saudi Arabia over the past 25 years, including used, gray market, and stolen vehicles. The used, gray market, stolen ratio is 1.10 times new vehicle exports by the vehicle manufacturers into Saudi Arabia. We estimate there are 1,503,704 passenger cars in use in Saudi Arabia. We base this on our experience in tracking and cross checking vehicle sales and census for 192 countries.

Commercial Vehicles

The official motor vehicle census (parc) for Saudi Arabia commercial vehicles is not available. There were 3,574,190 commercial vehicles sold in Saudi Arabia over the past 25 years, including used, gray market, and stolen vehicles. The used, gray market, stolen ratio is 1.10 times new vehicle exports by the vehicle manufacturers into Saudi Arabia. We estimate there are 1,250,043 commercial vehicles in use in Saudi Arabia. We base this on our experience in tracking and cross checking vehicle sales and census for 192 countries.
